

Free Membership for Restaurant Deliveries

Revel will provide free memberships for its electric mopeds to a set number of employees of certain restaurants in the cities it serves to assist those restaurants with meeting demand for food deliveries and continuing to operate during the coronavirus (COVID-19) pandemic. The duration of the free memberships will be four weeks, which will be subject to change at any time by Revel. Revel is currently operating in Brooklyn and Queens, Washington D.C.; Austin, Texas; and Oakland, California. Our service has been paused in Miami, but we are able to provide mopeds to restaurants for delivery purposes only.

How to participate:

- Restaurants will enter into an agreement with Revel outlining the terms of the partnership.
- Restaurants will then provide Revel with the names of the employees it would like to use the free memberships for delivery services.
- If they are not already members, employees will need to sign up on Revel's app and pay the one-time \$5 signup fee.
- Once employees have signed up and passed the screening, Revel customer service will enroll the designated Company employees in a free account and credit the \$5 sign-up fee back to the employee. If an employee does not pass Revel's user eligibility screening, the employee will not be able to use a free Revel membership.
- Revel will be responsible for battery charging, battery maintenance, and vehicle maintenance.
- Restaurant employees will be covered by and subject to Revel's standard insurance policies covering third party liability while using Revel mopeds as long as they are in full compliance with Revel's Rental Agreement, Terms of Use and Privacy Policy, subject to the limits summarized at <https://reveltransit.zendesk.com/hc/en-us/articles/360023871514-Is-insurance-included->. In accordance with Revel's standard policies, Restaurant Employees will be responsible for the first \$500 of each insurance claim that arises out of any accident for which they are found liable.
- Restaurant employees will abide by Revel's Rental Agreement, Terms of Use and Privacy Policy, including where is permissible to ride and park; any employee who does not abide by Revel's Rental Agreement, Terms of Use or Privacy Policy will have their Revel membership suspended.
- Restaurant employees will contact Revel customer support immediately if any issues arise with the mopeds or any damage occurs as soon as the issue has been identified.

In return for the free service, Restaurant will agree to promote this partnership on social media by:

- Posting one (1) Instagram post on their account promoting Revel partnership within one day of the Restaurant's employees receiving their accounts;
- Posting two (2) Instagram stories on their account promoting Revel partnership within one week of the Restaurant's employees receiving their accounts;
- Tagging Revel's instagram (@gorevel) in all posts; and
- Obtaining Revel's approval of all posts (including text and images) before publishing. Restaurant must email chris.rogers@gorevel.com for approval.

About Revel

Revel is a shared electric vehicle company that helps people who live and work in cities get where they need to go in a safe, reliable, and convenient way. Qualified riders use the Revel app to unlock and ride a licensed, regulated, and insured electric moped parked within the service area. Revel provides two helmets with each vehicle and offers free riding lessons seven days a week. Revel fits seamlessly into cities' existing regulatory, transportation, and parking systems. Revel was founded in March 2018 by Frank Reig and Paul Suhey with a small pilot program in Brooklyn, New York. The service is now available throughout much of Brooklyn and Queens and is available in Washington DC, Austin, Miami (service currently paused) and Oakland. To get started, visit GoRevel.com, and check out @_GoRevel on Twitter.
